

What does 'research' mean to you?

Curiosity

Evidence

Gathering our and other peoples experiences.

Finding out more about an area to which you are drawn

Questioning

Learning from others

Looking, listening, learning, thinking, reflecting

a lot of hard work!

Challenging assumptions

What does 'research' mean to you?

Exploring questions about ECM with young children and families

Learning from others. New ideas

I'm honestly not entirely sure. It scares and confuses me. I think of doctors and academics

Hopefully things I didn't know before

Enquiry. Digging deeper. Analysis

Seeing both sides... Gathering different perspectives Making strange the familiar

Evidence to back up pedagogy

Academia. Serious. Remote. Not every day

Exploration of different perspectives

What does 'research' mean to you?

Looking for the path ahead
